SPECIAL SAFEGUARDS FOR FACILITIES OR ACTIVITIES

Security of and Access to Campus Facilities

Campus facilities are provided primarily for the educational needs of enrolled students, research activities of faculty and business needs of staff members. Use of University Facilities is governed by the SDSU Buildings and Grounds Policy. Persons without a lawful purpose on campus may be removed per California Penal Code Section 626.6. Access to campus residence halls and apartments is by card access or key and is restricted to residents and registered guests. Access is regulated by University Housing.

Security phones/intercoms are located at the entrances of residential buildings and desk assistants are located in the lobby to assist visitors in contacting residents. Students who have a room or apartment doors open to the public are encouraged to keep doors closed and locked at all times.

Security Considerations Used in the Maintenance of Campus Facilities

The Facilities Services department in conjunction with University Police work to maintain internal and external facilities to improve safety and security. For mechanical systems, equipment, and hardware – blue light duress phones are being updated; there are regular night walks of exterior lighting and repairing/replacement as

needed; maintenance and repairs of egress and exist lighting inside buildings; scheduled maintenance and repair of fire alarm, fire suppression, fire curtains, and rolling fire rated doors; annual fume hood testing and repairs; and inspection and repair of door locks and access control card readers. For grounds and parking structures there are – tree assessments and scheduled mitigation measures; daily weekday morning walk throughs of parking lots and grounds to identify and resolve potential safety hazards before the start of classes; and maintenance of athletic fields to ensure safety and consistency of surfaces.

To report a crime or other emergency occurring in the community surrounding SDSU, contact the San Diego Police Department by dialing 9-1-1 or (619) 531-2000, for non-emergencies.
